The SDAPA is seeking student volunteers to serve as unpaid interns for an exciting assignment. Assignments are limited and consist of working with this year's award winners to prepare a (video, journal article, or other) acknowledging the award winner. The final product would be shared through SDAPA media platforms and featured at the Awards event.

This internship opportunity is open to college students and 2020 college graduates that are interested in volunteer experience with SDAPA, remote networking, and building their resume. Interns will work independently and are permitted to work on their own schedule, with completed products expected by mid-August. Those interested should submit a resume and cover letter to Elizabeth Dickson at edickson@sandiego.gov.
